1	the progress updates are appreciated	3/10/2014 12:05 PM
2	Perhaps some of the DSS only stuff (with no relevance to other streams) could have been done in the DSS stream time	3/7/2014 4:19 PM
3	the presentations from the external parties could have been shorter and focused on the highlights.	3/7/2014 3:52 PM
4	Very useful and at the meeting often s discussion that you can be part of	3/7/2014 3:35 PM
5	I find this very useful and it keeps you current with topics	3/7/2014 2:46 PM

1	The bottom line is looking healthy	3/10/2014 12:05 PM
2	Liked that it was brief.	3/8/2014 8:21 AM
3	Nice and clear - easier to understand our fees etc are being used for our	3/7/2014 4:19 PM
4	I think it is useful to have the report available for review if needed and not presented in detail at the meeting.	3/7/2014 3:52 PM
5	Would prefer to receive copies of accounts and finances. Felt it was glossed over very quickly	3/7/2014 3:06 PM

1	The discussion was useful and it is timely to now move fowards with a final draft version	3/10/2014 12:05 PM
2	Good to be directed back to why we belong	3/7/2014 4:19 PM
3	Great to be able to be part of the discussion and that you value our input	3/7/2014 3:35 PM
4	Useful but too short. It was agenda'd for longer I thought. Needs good discussion with everyone We didn't get a chance to discuss the paper from Craig hutchison that was circulated	3/7/2014 3:06 PM

Q4 My chosen breakout session provides me with good information, is interesting and useful? Complete for whichever session you attended.

1	Though we ran out of time for the things Jan WHite had put on agenda which would have been helpful to discuss	3/12/2014 3:02 PM
2	Given that only 3 people were at our MH breakout, we were unable to achieve a lot but we were able to discuss variances pertinent to each area, identify things that were working well and those not so well. it was still valuable for myself given that I am a sole practitioner in my DHB.	3/11/2014 8:22 AM
3	We needed slightly longer time to complete the agenda Jan Whites feedback was cut short and her interactions as NNR - go between the MoH and Nasc Operational process is really informative as she sees trends nationally and solutions that other Nasc come up with and can pass on	3/10/2014 12:05 PM
4	especially interRAI	3/10/2014 8:54 AM
5	Not sure why Lynda Wheeler from interRAI was present through out entire NASCA day? Particularly as she was a 'talker' and took up valuable time in the HOP breakout session. She should have only been there for her segment. Felt uneasy about her being present considering she reports back to MOH. I felt unable to speak freely.	3/8/2014 8:21 AM
6	Great to be able to have some of the session content arranged in advance (guest speaker / topics etc), and some time less structured discussion	3/7/2014 4:19 PM
7	More time would have been useful with Jan and less time with external presenters	3/7/2014 3:52 PM
8	Always good with interesting discussion and input from everyone.	3/7/2014 3:35 PM

NASCA General Meeting (March 2014)

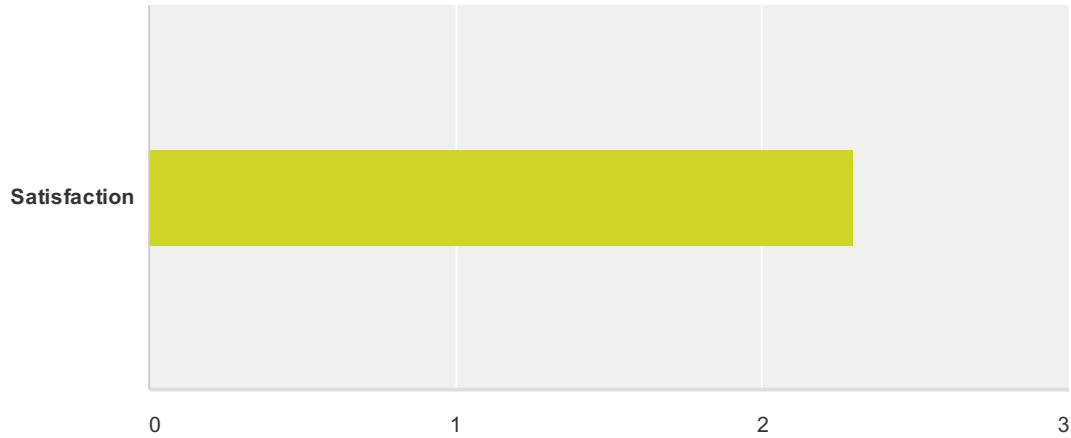

9

Felt that we needed more time for Jan to go through what we all needed to know.

1	More information would have been beneficial	3/11/2014 9:13 AM
2	Still unclear about its relevance for our Nasc work force especially where they have other allied health qualifications	3/10/2014 12:05 PM
3	its good to know that its on the agenda but not necessary to have such a long time frame to present it.	3/7/2014 3:52 PM
4	Will share with my NASC team	3/7/2014 3:35 PM

1	we had already had a similar discussion in the morning and with MH	3/12/2014 3:02 PM
2	Pretty much no further than we were at the last meeting. It would be more helpful to have someone from MOH who actually makes the decision to sort some of this stuff out. Feels like we're just going round in circles and every time DSS NASC says "not us" there's nothing anyone can do!	3/10/2014 8:01 AM
3	Would be good to talk in more detail about some success stories (to get ideas of what works to make things happen - even though it may be different in different areas/ situations	3/7/2014 4:19 PM
4	It will be useful to have how each area can interrelate but this may sort itself with the updated mission and intention of nasc attendance	3/7/2014 3:52 PM

1	The meetings are well chaired and the agenda is clear and received in advance of the meetings. The timing for flights is a great consideration.	3/10/2014 12:05 PM

1	I wonder if another way of orientating the meeting would be to continue to have a combined meeting but split the breakout sessions by subject matter (like a conference) rather than by contract stream. This way those NASCs that cover a variety of contracts could chose which session is of most relevance i.e the grey areas and have representation at more than one discussion if necessary.	3/10/2014 9:58 AM
2	Definitely breakout sessions need to have the higher %.	3/8/2014 8:21 AM
3	Most benefit comes from interfaces with own streams, but need to maintain relationships and consistency accross the wider NASCA group.	3/7/2014 4:19 PM
4	I believe this works Also know that if a full meeting and discussion was needed you would call everyone together.	3/7/2014 3:35 PM

1	Overall love the opportunity to get together with other NASC managers and catch up NASCA and others there. Very helpful to keep up to date with what is going on around the country, sharing information and supporting each other	3/12/2014 3:02 PM
2	Venue was good - Seating plan could have been better organised as several people ended up with their backs to the speakers or were not able to move around the room to get to a seat.	3/10/2014 12:05 PM
3	Good quality venue and saved time and money for people from out of town.	3/10/2014 9:58 AM
4	Perfect. Meant I could stay to the end for a change, and could even catch an earlier flight to get home before 8pm. Fantastic.	3/8/2014 8:21 AM
5	Seems there was a glitch with my "special" catering, but I didn't go home hungry!! Like using the airport - far less disruptive when people had flights to catch, and meant that there were less late comers and early leavers	3/7/2014 4:19 PM
6	the venue was good but the tables didnt seem to support a cohesive group interaction	3/7/2014 3:52 PM
7	Catering was okay. Venue comfort was fine.	3/7/2014 3:45 PM
8	Great food and decent cups	3/7/2014 3:35 PM
9	Great to not have to travel from airport	3/7/2014 3:14 PM
10	So easy to just off a plane and into the venue, Room a good size and heat controlled with good acoustics, and having the food and the amenities very close was also great. The food was great! All in all and excellent choice of venue.	3/7/2014 2:29 PM
