To the Executive – NASCA

To whom it may concern

Thank you for the opportunity and consideration of my nomination to the NASCA executive.

I am the team leader for Disability Support Link. My employment with DSL commenced in 2006, with a focus on high and complex clients. I continue to work with a caseload of clients who present with complex needs or are considered a risk.

I have a history of nursing and social work experience.

I am passionate about improving services to the people we support and ensuring that as a NASC we deliver with expertise and efficiency to those who are eligible for services.

I will bring to NASCA a wealth of experience and have a solution based philosophy. I am not afraid of challenges and am an active listener to all debates.

I have the honour of working with a very committed and professional team at DSL and they are supporting me in this nomination.

Once again thank you for your consideration.

Yours Sincerely

Barbara Walters

Team Leader
